Developmental screening is a free service for all children residing in the Four Rivers Special Education District. Screening is provided for children ages 2 years, 8 months through 5, who are not yet enrolled in kindergarten. The screening identifies children who may have medical, speech, vision, hearing, learning, motor, or social/emotional needs.

After the screening, the results will be provided to the parents/guardians. The outcomes will result in the following recommendations: no concerns, monitoring by teacher (potential delay in an assessed area), further speech/language screening, or a referral for a comprehensive evaluation.

Signed consent of the parent/guardian is required to screen your child. Results will only be provided to the parent/guardian and the school district of residence. A release of information needs to be signed by the parent/guardian to share the screening results with a daycare, private school, Head Start, or another entity (doctor's office), or individual.

Parents are encouraged to have their children participate in a developmental
